CAREER OBJECTIVE

Postgraduate in Computer Science with a strong foundation in technology, research, and analytical thinking. Seeking an opportunity to apply my skills, gain practical experience, and contribute to organizational success while continuing to learn and grow in a professional environment.

TECHNICAL SKILLS

- **Programming Languages:** Python, JavaScript (Basic), PHP (Basic)
- **Web Technologies:** HTML, CSS
- **Databases:** SQL Server, MS Access
- **AI & Generative AI:** Prompt Engineering, ChatGPT, Claude AI
- **Office Applications:** MS Excel, MS Word, PowerPoint, Google Docs
- **Multimedia Tools:** Photo and Video Editing
- **Soft Skills:** Leadership, Team Collaboration, Problem Solving, Adaptability

OPERATIONAL & DOCUMENTATION KNOWLEDGE

- Basic knowledge of KYC and customer onboarding processes.
- Familiar with document verification (ID & address proof).
- Knowledge of data entry and record maintenance.
- Awareness of compliance and fraud prevention.
- Understanding of customer due diligence (CDD) procedures.

EDUCATION

- **M.Sc. Computer Science** | Karpagam Academy of Higher Education | 2024–2026 | **CGPA: 9.18.**
- **B.Sc. Computer Science** | Sree Saraswathi Thyagaraja College | 2021–2024 | **74.08%.**
- **HSC** | PKD Matric. Hr. Sec. School | 2021 | **79.15%.**
- **SSLC** | LMHS School | 2019 | **71.4%.**

INTERNSHIPS

1. **Python Developer Intern (Online)** | Outrix | Nov 2025 – Dec 2025
 - Worked on Python-based tasks and basic data handling operations.
2. **Front-End Developer Intern (Online)** | Alfido Tech | Aug 2025
 - Developed basic user interface components using frontend technologies.
3. **RF Testing & Headphone Assembly Intern** | VVDN Technologies, Pollachi | Jun 2024 – Aug 2024
 - Assisted in RF testing, product assembly, retail tracking, and quality checking processes.

PROJECTS

- 1) **A Hybrid ARIMA–LSTM Framework for Influenza Monitoring and Early Outbreak Prediction** | Python, Machine Learning, Flask
 - Developed a hybrid time-series forecasting model based on an IEEE research approach for influenza outbreak prediction using historical data.
 - Built a web-based system with dashboards, automated reporting, symptom risk checker, admin dataset management, and AI-based assistance features.
 - 2) **Airline Ticket Management System** | VB.NET, SQL Server
 - Developed a desktop-based application for managing ticket booking, passenger details, and records in an offline environment.
 - Implemented database operations for data entry, storage, and retrieval using SQL Server.
-

PROFESSIONAL RECOGNITIONS

- **IEEE Technical Program Committee (TPC) Reviewer:** International Conference (MPCON-2025).
 - **IEEE Conference Reviewer:** International Conference (SASIGD-2026).
-

RESEARCH PUBLICATIONS

- **Multi-Classes Automated Detection of Cardamom Leaf Diseases** | NCGSII 2026, Sree Saraswathi Thyagaraja College | Mar 2026
 - **Quantum-Enhanced Wireless Security Framework Using SARG04-Based QKD** | IEEE ICIMIA 2025, Saurie College of Engineering | Sep 2025.
 - **Hybrid ARIMA-LSTM Model for Real-Time Influenza Monitoring** | IEEE KCISC 2025, JCT College of Engineering | Aug 2025.
 - **Real-Time Multi-Factor Biometric Encryption for Secure Authentication** | IEEE ICSCDS 2025, Erode Sengunthar Engineering College | Aug 2025.
 - **Early Detection of Lung Cancer Using AI** | NCIT 2025, Karpagam Academy of Higher Education | Aug 2025.
 - **Review on Image Processing Techniques for Neurodegenerative Disorders** | PUIRP 2025 | Aug 2025.
 - **Cyber Security Trends** | National Conference, KIT College | May 2024.
-

CERTIFICATIONS & ACHIEVEMENTS

- **Hackathon:** Participated in EC Learnix Hackathon 360° Innovation Challenge 2025.
 - **Advanced AI Training:** NLP, ChatGPT and Prompt Engineering (30-hour Live Training) | ExcelR | Dec 2023 – Jan 2024.
 - **Workshop:** One-Day Blender 3D Modeling (Hands-on) | Karpagam Academy of Higher Education | Feb 2026, Certified Ethical Hacker (CEH) Online Workshop | June 2023.
 - **Certifications:** Prompt Engineering for Everyone (ULSA), ChatGPT for Everyone (Learn Prompting), Introduction to Data Mining and IoT Applications (Infosys Springboard).
-

PERSONAL DETAILS

- **Languages Known:** English, Tamil
-
